

# C6201 TV Interface Module for muC301

## General

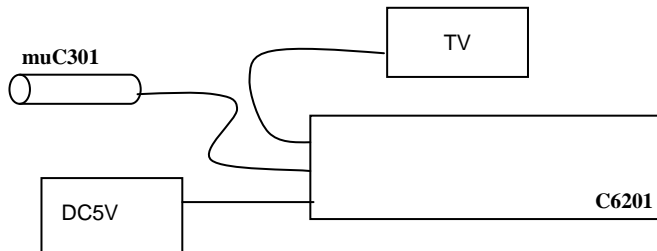

This module has been designed to interface the micro camera muC301, which has analog video signal interface. It provides TV interface to connect TV set.

## Key Features

- ✓ Small size 25x70mm
- ✓ Interface to muC301
- ✓ Real time Video output
- ✓ Support NTSC or PAL
- ✓ 5VDC operate

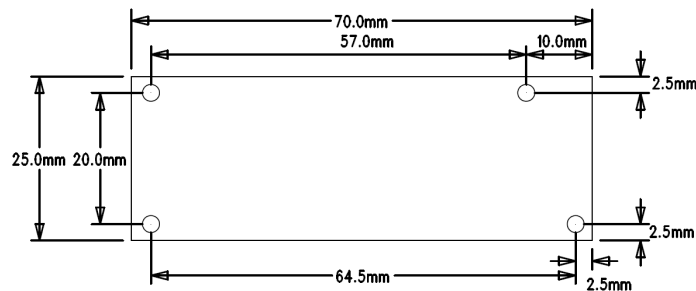

## System Block Diagram

## Module Specifications

Board Size	25 x 70mm
Display Connector	2pin, 1.25mm pitch
Video Out	NTSC / PAL (factory setting)
Power Connector	2pin, 2mm pitch
Sensor Connector	6pin, 2mm pitch
Operation Voltage	5VDC
Operation Current	120mA typ.
